Dear Mr. Bohne,

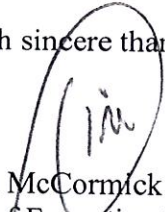

As I think back on the holiday season, I reflect on the happiness and joy brought to the children in our care. Thank you for contributing to the SOS Children's Villages Illinois Holiday Giving Program and for being such a big part of that happiness and joy.

It was so very kind and generous of you to donate turkeys at Thanksgiving, give gifts to our children, and sponsor a holiday party at our Lockport Village. By doing this, you help reduce our costs and lessen the burden on our budget. This allows us to direct our resources where it matters most – providing a better life and quality programs for the children and families we serve.

We continued to provide our unique model of foster care to hundreds of children last year, keeping brothers and sisters together. We know that this is only possible because of donors like you. Your support helps opens the door to new opportunities for vulnerable children, giving them the foundation they need to grow into caring, productive, and self-reliant adults.

Thank you again for making a difference in the lives of children at SOS Children's Villages Illinois. I look forward to keeping you informed of wonderful stories and events this year.

With sincere thanks,

Tim McCormick
Chief Executive Officer
SOS Children's Villages Illinois

THANKS FOR ALL YOU HAVE DONE FOR US!
