

BJ, Lance & Jay -

I can not thank you enough for your generous donation to head 225. I really can not do this without the support of you guys and the Bohne Foundation. I want to assure you that your donation is making a difference in the lives of youth leaders around the country as well as hundreds of middle school & high school students. I am praying for each of you that you see God's favor both in your families & business. Thank you again for your generous hearts. If I can ever be of any help, please let me know.

Thanks again my friends!
