Chapter

# Thank you!

April 19, 2017

Mr. Berkshire Bohne  
7500 Imperial Dr  
Bridgeview, IL 60455-2311

Dear Berkshire:

On behalf of the National MS Society, Greater Illinois Chapter, thank you very much for your \$500.00 donation in support of 2017 Bike MS: Tour de Farms. It is through generous gifts like yours that the National MS Society is able to fund over 380 research projects around the world, with more than 20 of them currently being conducted here in Illinois.

Through our comprehensive nation-wide network of services, the Society annually helps more than one million individuals affected by MS connect to the people, information and resources needed to live their best lives. You are joined with thousands of people across the country dedicated to finding a cure, by raising more than \$122.2 million over the past year for these essential services, including educational programs and financial assistance.

Matching gifts are vital for our organization, and having your donation matched is an enormous benefit. Many companies match their employees' charitable donations, so looking for matching gift opportunities is a great way to boost the power of your donation and fundraising effort. To find out if your company has a matching gift policy, check with your Human Resources department or visit [MSIllinois.org](http://MSIllinois.org).

Thank you again for your contribution; it means so much to the people we serve. Together, we envision a world free of MS and hope to realize this goal in our lifetime, and with your support, we get closer every day.

Sincerely,

Sarah Rodriguez  
Chapter President

This is a 2017 year donation. This donation is fully tax deductible, as no goods or services were received in exchange for your gift of \$500.00. Please retain this letter as a receipt for IRS purposes.

Studies show that early and ongoing treatment with an FDA-approved therapy can reduce future disease activity and improve quality of life for many people with multiple sclerosis. Talk to your health care professional and contact the National Multiple Sclerosis Society at [www.msillinois.org](http://www.msillinois.org) or 1-800-344-4867 to learn about ways to help manage multiple sclerosis and about current research that may one day reveal a cure.
