Dear Friends at the Bohne Foundation,

I have received the wonderful and generous donation of toys, puzzles, coloring books and stuffed animals for the children here at Shriners Hospitals for Children in Chicago. We are so grateful for all the support our kids receive from generous donors like you.

Shriners Hospitals for Children® is a health care system of 22 hospitals dedicated to improving the lives of children by providing pediatric specialty care, innovative research, and outstanding teaching programs for medical professionals. Children up to age 18 with orthopaedic conditions, burns, spinal cord injuries, and cleft lip and palate are eligible for care and receive all services in a family-centered environment, regardless of the patients' ability to pay. Shriners Hospitals for Children® relies on the generosity of donors to deliver this mission every day.

We know that we cannot fulfill our mission without you and we hope you have a healthy and joy filled holiday season and a Happy New Year.

Sincerely,

Mary McCauley
Donations Coordinator/Volunteer Services
